

Module 3: Implementation and Operations

Module 3 Contents

Introduction	3-1
Section A: Supply Chain Dynamics	3-3
Sources of Variability in Demand	3-4
Sources of Variability in Supply	3-14
Synchronizing Supply and Demand	3-17
Metrics	3-38
Section B: Managing Supply from Internal Sources	3-45
Operations Planning and Control: Implementation of the Sales and Operations Plan	3-46
Operations Planning and Control: Controlling Priorities	3-59
Operations Planning and Control: Materials and Inventory	3-64
Operations Planning and Control: Capacity	3-81
Communicating Requirements and Priorities	3-95
Measuring Performance	3-102
Section C: Managing Supply from External Sources	3-113
Communicating Requirements and Priorities	3-114
Supplier Performance Management	3-119
Supplier Certification	3-136
Section D: Implementation of Demand Plans	3-145
Demand Prioritization	3-145
Capturing and Communicating Point-of-Sale Data	3-158
Section E: Continuous Improvement	3-168
Continuous Improvement Philosophies	3-168
Continuous Improvement Tools	3-194
Bibliography	3-211
Cumulative Course Index	3-226
